

TORNADO SWEEPS RESIDENCE PORTION OF SEWARD, NEBRASKA, KILLING TEN

ALL COMMUNICATION IS DESTROYED BETWEEN LUSHTON
UTICA, GRAFTON, AND MCCOOL AND OUTER WORLD

Work of Rescue Is Difficult in Darkness--Number of Injured Is
Estimated at Thirty--Anxiety Is Felt for Other Cities in
Path of Twister But No Communication Is Yet Possible By
Wire--Storm Comes So Suddenly People Have No Chance
to Escape.

SEWARD, NEB., MAY 14.—A tornado which took a total of ten lives, injured 30 persons and destroyed more than a third of the town struck this place shortly before six o'clock this evening. Twenty two residences including several of the best in the town were entirely destroyed and many more were partially wrecked, but the business portion of the place did not greatly suffer.

The Dead.
The identified dead are:
Mrs. David Hoover.
Mrs. William Hefflinger.
Mrs. Chris Westerman and baby.
Mrs. B. L. Wasserman.
J. Schultz, Burlington section foreman.

Six year old daughter of Schultz.
Mrs. R. Imlay.
Samuel Crim.
Oscar Coger.
Mrs. Edwards.

The Injured.
The known injured are:
Mr. and Mrs. Steinbeck.
Mrs. Frederick.
Mrs. Meinke.
Son of J. Schultz.
Mrs. E. Holland.
Son of B. L. Wasserman.

Sweeps Residence Portion.
The tornado formed northwest of the city and swept across the country taking many buildings along its course. It struck the western or residence portion of Seward and swept everything in its path clean. It came into the town so suddenly that only part of the people had opportunity to run to cellar or other places of refuge. Those killed generally were caught in the wreckage of their homes which were crushed to pieces like egg shells. The tornado after passing through Seward continued on its course to the northeast doing great damage to rural homes. Reports tonight say that the towns of Lushton, Grafton, Utica and McCool were in the path of the twister, but all wire communication to these points was destroyed by the storm. An appeal was sent to Lincoln before the one remaining telephone wire was lost, for physicians and undertakers and they left on a freight train at 10:30.

Felt Over Wide Range.
Reports from surrounding territory report that the effects of the tornado were felt over a wide range of territory but until telephone communication is restored the number of casualties, if any casualties, if any, will not be known. The tornado was followed at Seward by a hail and rain storm, which added much to the already miserable condition of the sufferers. Tonight the town is without lights and search of the ruins is being made with lanterns. Several of the business places not injured by the storm were turned into temporary morgues and hospitals. Several of those injured are in serious condition and it is believed several may die of their injuries.

Prevents Train Wreck.
Frank Tipton prevented the wreck of a Burlington passenger train, which he flagged on the outskirts of town. A telephone pole and other wreckage had been thrown onto the tracks and Tipton discovered the debris just in time to prevent the train crashing into it.

The sheriff tonight swore in a large number of deputies who were at once assigned to duty-patrolling the destroyed part of town to prevent looting.

Governor Moorhead notified the town officials that he had ordered a company of state militia be held in readiness for service in the event of its presence being required here.

Home Blown Into River.
Near McCool Junction the fine farm home of Thomas Rildan, a wealthy farmer, was blown into the Blue River, some distance away. One child was drowned but other members of the family escaped with bruises and a wetting.

A mile beyond a farmer whose name was not given was struck by lightning and killed.

The path of the tornado was from a few hundred yards to half a mile wide and cut a path fifty miles long, in which were many fine farm houses and other buildings. Several reports have been received of farmers in the field escaping the storm by prostrating themselves in furrows of freshly plowed fields.

Several persons are yet to be accounted for, but it was not believed late tonight that the casualty list would be increased to an appreciable extent.

The tornado did not pass through the most thickly populated part of the city. Otherwise the death toll would probably have been much greater. Only one fire started in the wake of the storm and it was quickly extinguished by the local fire department.

Drive Through Storm.
Lincoln, Neb., May 14.—The tail-end of the tornado cloud which wrecked part of Seward for a time enveloped a Union Pacific motor car enroute from Wahoo to Lincoln. The car was struck between Agnew

STATE DEPARTMENT MAKES NO DECISION

Government Undecided as
to What Action Will Be
Taken Regarding Law

TO INFORM JAP EMBASSY

Japanese Embassy Will Be Informed of Johnson's Announcement That He Will Sign Bill

NO ACTION TO BE TAKEN TODAY

WASHINGTON, MAY 14.—With Governor Johnson's announcement today that he would sign the California alien land bill in spite of the federal administration's appeal for a veto on account of the Japanese protest, it now becomes necessary for the state department to determine whether it will proceed with the negotiations with the Japanese government on the basis of defending and sustaining the right of the Californians to deprive the Japanese of the right to hold real property, or whether it shall concede that the act violates the spirit if not the letter of the treaty with Japan, and attempt to find means of nullifying it.

In his messages to the governor of California President Wilson has already expressed the opinion that the legislation is discriminatory, also that the Japanese contention that the act constitutes discrimination in violation of international law and of the spirit of the treaty is powerful support and the position of the state department made difficult should it be found necessary to champion the cause of the Californians.

Will Inform Embassy.
The first thing to be done by the department will be to formally inform the Japanese embassy of Governor Johnson's action. In the ordinary course of the negotiations the Japanese government would reply that as it is prevented by the constitution of the United States from negotiating directly with one of the American commonwealths it must hold the national government responsible for anything that may occur in California to the detriment of Japanese residents. Probably with the exchanges as a preliminary the two governments will begin negotiations in earnest with the purpose of finding some way permanently to adjust the status of the citizens of each country resident in the other on a satisfactory basis.

It is hoped here that this can be accomplished diplomatically by the negotiation of a new treaty. If this hope should not be realized then resort to the special arbitration treaty of 1908, to The Hague tribunal, though the United States government could enforce a finding by that court adverse to the California law is at present a grave problem.

Bryan Away From Washington.
Secretary Bryan, who was an honored guest at a dinner at the Spanish legation tonight, left for New York on a midnight train to attend the banquet there tomorrow night of the Pan-American society. Consequently it is not expected that anything will be done in pursuance of the negotiations until he returns to Washington Friday.

Governor Johnson's telegram to Secretary Bryan, giving notice of his intention to sign the land bill and outlining fully the California attitude, was received at the state department tonight after the secretary had left his office. It was made public later at the white house without comment.

Telegraphs Explanation.
Sacramento, Calif., May 14.—Expressing his determination to sign the alien land bill recently passed by the legislature, Governor Hiram W. Johnson of California telegraphed today to Secretary of State Bryan late today a lengthy explanation of the action taken by the legislature in passing the bill.

Governor Johnson declares that the seriousness of the situation in California caused by immigration has been recognized by statesmen of the nation and viewed with apprehension by the people of the state, and cites a declaration in the constitution adopted thirty years ago declaring the presence of foreigners ineligible to citizenship to be dangerous. Another angle of the problem, he continues, has developed within the last ten years—that is the alien ownership of land in California. A solution of this problem, he says, and that solution was attempted in the bill just passed by the legislature. In passing that measure the governor argues the state acted within its rights, and maintains it has not violated existing treaties.

"The bill that is now before me," he continues, "provides substantially in its first section that all aliens eligible to citizenship under the laws of the United States may acquire real property in the same manner as citizens of the United States and the second section provides that all aliens other than those mentioned in the first section may acquire real property in the manner and to the extent and for the purposes prescribed by any treaty now existing between the

TAX AMENDMENT IS INTRODUCED IN HOUSE

WITHHELD UNTIL AFTER DECISIVE VOTE
ON I. AND R. RESOLUTION

Amendment to Only One Article of
the Constitution Can Be Submitted
At This Session and the Tax
Amendment and I. and R. Amend-
ment Were Rival Proposals.

SPRINGFIELD, ILL., MAY 14.—Following the defeat of the initiative and referendum amendment to the constitution in the short hours after midnight Representative Isaac Rothschild of Chicago, introduced the tax amendment to the constitution in the house today. An amendment to only one article of the constitution can be submitted at this session of the assembly and the tax amendment and the initiative and referendum amendment were the two rival proposals. In order to gain all the support possible for their amendment, however, the friends of the tax amendment have been withholding their measure from consideration until after the decisive vote on the "initiative and referendum" in spite of the fact that the tax amendment question received an advisory vote of 541-189 "yes" to 186,467 "no" last November, a larger affirmative vote by nearly 100,000 than was ever cast for the direct legislation proposal.

Some of the friends of the tax amendment were not averse to the submission of the initiative and referendum and out of consideration to Governor Dunne's advocacy of the latter, were willing to give it first consideration. Representative Rothschild voted for the initiative and referendum on the final roll call early this morning and his "initiative and referendum" friends are expected to reciprocate by helping him with the tax amendment.

Late in Convening.
After yesterday's all day and all night fight over the initiative and referendum resolution, final action on which was postponed to save it from defeat, members of the house of the Illinois legislature were more than an hour late in convening for today's session. Effects of the bitter contest, which was not terminated until 1:30 o'clock this morning, were apparent on every hand. Many members were absent from their seats when Speaker McKinley called the house to order shortly after 11 o'clock this morning. Others seemed more inclined to gather in little groups and discuss the initiative and referendum struggle than to take up the work scheduled for today.

Old house members said that lack of experience on the part of Speaker McKinley and the leaders on the Democratic side who conducted the fight for the initiative and referendum resolution was all that prevented the passage of the resolution early today. It was pointed out that at one time the resolution had 192 votes, the constitutional majority necessary for its passage. Use of strategy at this juncture, the veteran members generally admit, would have resulted in the passage of the measure. It was said that Speaker McKinley, with a proper organization working with him from the floor, could have declared the measure passed and that under the peculiar situation which obtained after midnight last night such action would have been effective.

The Democratic floor leaders were not "closing" the final roll call very closely, it was said, as it was said, as it was several minutes after Representative Kline had cast the 102nd vote for the resolution before any effort on his part was made to change that vote and Representative Charles Karch of Belleville moved to postpone further consideration to save the resolution from immediate defeat.

Representative Karch today declared that further consideration of the resolution would not be taken up before next week. In the meantime conferences will be held with certain of the Republican members in efforts to reach a compromise regarding certain proposed amendments to the resolution. Representatives Frank Catlin and Harry Shaver of Chicago, both Republicans, desire to amend the resolution to provide for the creation of a signature sufficiently broad to consist of the governor, attorney general and secretary of state, to rule on the sufficiency of signatures on all petitions. Representatives Catlin and Shaver said that during the last campaign they had had personal experiences with petitions which lacked as high as two-thirds of the bona fide signatures required by law. This occurred, in the cases of certain Progressive candidates for the legislature who were placed on the ticket by petition.

Will Confer With Republicans.
At a meeting of the house Democratic steering committee today, the executive offices to day, a sub-committee of three members was named to confer with the Republicans and ascertain if the initiative and referendum resolution properly amended cannot be made acceptable to enough more Republicans to pass it. The steering committee named as its sub-committee to meet the Republicans Messrs. Karch, Igoo and Browne. The Republican committee on the subject named yesterday, is composed of Messrs. Hannahan, Hull and King.

With the end of the present session of the legislature not more than four or five weeks off it seems certain that initiative and referendum is dead for this session. Members who voted for the resolution now say that they purpose giving the tax

STATE BRINGS CONDEMNATION PROCEEDINGS FOR SECOND TIME

Seeks to Secure Land to Complete
Tract for Proposed New Penitentiary.

JOLIET, ILL., May 14.—For the second time condemnation proceedings are being brought by the state to secure three hundred and eighty two acres of land owned by Elliott R. Giffin which will complete the four mile tract in Lockport township for the site of a proposed new penitentiary. The former proceedings, which named a price of \$269 an acre, a record for Will county, was set aside by the supreme court of Illinois on the petition of the state on account of erroneous instructions to the jury by which the 12 men were allowed to take into consideration the value of the land on its proposed use. Witnesses valued the land from \$100 to \$300.

The pending of this suit help up the construction of the new institution under Governor Denen, but Governor Denen does not expect to take action, according to Attorney T. H. Donovan, who is acting for the state, because of the state finances. However, he announced the intention of erecting here an asylum for epileptics now in insane asylums to begin immediately on settlement of the present proceedings.

UNITED BRETHREN CONFERENCE ELECTS FIVE BISHOPS

Refuse to Adopt Report of Committee
Creating But Four Bishops
in the United States.

DECATUR, Ill., May 14.—Refusing to adopt the report of the committee on superintendency creating only four bishoprics in the United States and a foreign bishop district, the United Brethren conference today adopted in its place a resolution providing for five districts in the United States and a foreign bishop district. Following this five bishops were elected, Bishops G. M. Matthews, W. M. Weekley and W. M. Bell, being re-elected. New bishops in the United States were:
Dr. H. H. Ford of Dayton, O., now editor of Sunday school literature and Dr. C. J. Keppert, pastor of the first United Brethren church of Dayton, O. Dr. A. T. Howard was elected bishop for the foreign district.

After discussion throughout the morning session, the report of the committee on superintendency was torn apart the fight being waged on the merging of the southern district. Supporters of this district won and the five districts were retained. It is expected the committee on boundaries will now report that the districts as they have been in former years.

MEXICAN NEWSPAPERS AGAINST UNITED STATES

Mexico City, May 14.—The Mexican newspapers have begun a campaign against the United States and many of them publish articles of vituperate nature. A boycott is proposed by the Independent and sneers at the United States for its alleged "dollar loving" character.

amendment a ryount before again casting their votes for the initiative and referendum resolution. Old time members of the house assert that bad management by the administration offices was responsible for the defeat of the initiative and referendum. In this connection they point to the fact that the votes of five members—Messrs. Abbott, Pervier, Catlin, Shaver and Barker—were alienated by the governors floor leaders.

TESTIMONY AIDS O'HARA'S VINDICATION

VREDENBURG KNOWS OF NO IMPRO-
PRIETIES CONCERNING O'HARA

It Was Also Established by Direct
Testimony That Sam Davis Pro-
cured the Affidavit For the Pur-
pose of Having a Possible "Come
Back."

SPRINGFIELD, ILL., MAY 14.—From a spectacular standpoint, tonight's session of the senate committee investigating charges against Lieut. Gov. Barratt O'Hara fell flat. In vindication of the lieutenant governor's character, however, it was all odds the principal session since the Maude Robinson affidavit, reflecting upon the character of the lieutenant governor was uncovered. In a twelve minute session the committee by direct testimony brought out the facts that Thomas Vredenburg II., of Springfield, has absolutely no knowledge of any improprieties between Mr. O'Hara and Maude Robinson or any other woman on January 17, 18 or 19 last, as indicated in the woman's affidavit. It was established also that Sam Davis of this city, who procured the affidavit, did so for the purpose of having a "come back" in event he were subjected to a grilling by the senate vice commission on account of his business connections with disorderly houses in the city.

Two hundred men and boys who had congregated about the committee room turned away in surprise when they learned the details of the Chicago trip in which the Robinson woman had involved Lieut. Gov. O'Hara were not to be paraded before the public from the witness stand. Vredenburg and Davis were the only witnesses examined. Only three questions were propounded to Vredenburg and scarcely a half dozen were put to Davis.

It has not been decided by the committee whether any further testimony is to be taken. There is a possibility that a session of the committee may be held in Chicago next Saturday but this has not yet been decided.

WILL ATTEMPT TO OUST PRESENT MEMBERS OF MODERN WOODMEN

National Convention of Insurgents
Meets in Springfield Today.

Springfield, Ill., May 14.—Eight hundred Modern Woodmen insurgents will make first efforts to formulate plans to oust the present officers of the society, because of an alleged attempt to increase rates of the order, when a national convention of insurgents meets here tomorrow.

Delegations from Chicago, Nebraska, Iowa, Colorado, Oklahoma, Kansas, arrived here today. Tonight nearly three hundred representatives arrived in the city.

Members of the national provisional committee with C. W. Lyon, Des Moines, Ia., an attorney, as secretary, and Dr. James V. Beghtal, Hastings, Neb., as chairman, met today to make initial arrangements for the meeting tomorrow.

A message forwarded here today from Minneapolis, Minn., signed M. A. Lee, said that serious charges would be preferred against Charles W. Lyon of Des Moines, Ia., and that opposition would be made against the convention's alleged efforts to disorganize the original Insurgents. The despatch also says that another convention will be held here. Mr. Lyon assigns jealousy as the reason for the despatch.

MUSIC TEACHERS MEET IN BLOOMINGTON.

Bloomington, Ill., May 14.—Members of the Illinois Music Teachers' association assembled in convention here today held instructive lectures on musical education delivered by Chicago musicians. The afternoon was devoted to a program of compositions by Illinois composers and the evening to church music.

Thursday's program will be featured by the appearance of the Chicago Madrel club.

ELECT OFFICERS.

Rockford, Ill., May 14.—Illinois Ministerial Conference of the Mission Covenant today elected Rev. F. M. Johnson, Chicago, chairman; Rev. J. G. Johnson, Galesburg, vice-chairman; Rev. A. M. Johansen, Moline, secretary; Rev. A. Bergstedt, Chicago, assistant secretary, and Rev. Gust Nelson, Chicago, treasurer.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, May 14.—Showers Thursday in north and central and Thursday or Thursday night in south portion; Friday probably fair, cooler in central and south portions, moderate to brisk shifting winds.

ANTI-FREE SUGARITES ASSAIL SCHEDULE

Opposition Democrats Use
"Original Wilson Man"
In Attack

LONG LETTER IS READ

Rowley Calls Free Sugar Advo-
cates "Accursed, Unpardonable
Apostates" of Party

DISCUSS PARTY'S ATTITUDE

WASHINGTON, MAY 14.—Using an "original Wilson man" from Michigan with a fluent pen for an oracle, the anti-free sugar Democrats, led by Senator Ransdell of Louisiana, assailed the Underwood sugar schedule in the senate today despite strenuous efforts of Senator Simmons and other Democrats to stop the flow of the attack. Republicans enjoyed the efforts of the Democratic leaders to prevent the reading of a long letter submitted by Senator Ransdell written by Lewis C. Rowley, of Lansing in which free sugar advocates were characterized as "accursed, unpardonable apostates of Democratic faith" and the free sugar schedule as "a booming to knock out the Democratic party."

Republican Votes Aid Ransdell.
With Republican votes Senator Ransdell was aided in getting the long epistle before the senate as a part of argument against the proposed sugar tariff.

It precipitated lively discussion between the Louisiana and Senators James, Myers, Simmons and other Democratic leaders. In this plea from Michigan, President Wilson's attitude on sugar, the party platform pledges and the president's campaign pledges not to hurt any legitimate industry were recalled. The writer declaring "there is almost imminent danger that in his almost hilarious enthusiasm for the Democratic ideals, the president will try to do too much."

The Democrats were also forced to hear from this same trenchant Michigan protestant that "the statesman or party leader who in formulating important legislative measures does not take into consideration the psychological effect as well as the ultimate practical results of these measures is a raw hand at the business."

Believes Wilson Mature Leader.
He said he did not believe President Wilson was "that kind of an immature leader."

"I refuse to believe," he said, "that the president will commit the party to radical courses, which, however, sound theoretically are calculated to alienate and alarm large numbers of voters in the most populous agricultural sections of the country."

Republicans applauded when the senate clerk read:
"Is free trade to be inscribed as the party gonafion, which erstwhile bore the immortal watchword of free silver?"

And again when the admonition was sounded that the Democratic party, "better effect changes moderately and safely rather than hastily and at the dictates of a caucus too many of whose members leave their private judgments and consciences where the museum leaves his shoes—outside the door."

Tries to Fix Time For Vote.
Senator Penrose later injected levity into the proceedings when Senator Simmons, on behalf of the finance committee, tried to get an agreement for a vote on the question of public hearings on the Underwood bill. The Pennsylvania senator emphatically denied that he had any idea of conducting a filibuster on the issue. He had asked for public hearings he said because he consciously believed that they should be held and he felt sure that the senator from North Carolina had not entertained any idea that he ever had captained any "legislative piratical craft."

While Senator Simmons was endeavoring to fix a time for a vote, the time for the consideration of the matter expired and again it went over until tomorrow at which time the Democrats will endeavor to bring the reference of the bill and the Republican public hearing amendment to a vote.

Discussing the attitude of the Democratic party toward the sugar tariff, Senator James asked Senator Ransdell if he did not think that the platform of the party gave fair warning to Louisiana. Mr. Ransdell emphatically answered "no" and the Kentucky senator then proceeded to read from the platform endorsing what the party did last year and demanding reductions to reduce the cost of living. In this connection the Louisiana senator referred to a statement in the Rowley letter which said:

"Neither in his campaign for the Democratic nomination nor for his election did Mr. Wilson pledge himself to give the country free sugar. On the contrary, whenever he was asked about his position on the sugar tariff he distinctly declared that he was against any tariff changes that would injure or destroy any legitimate industry."

HIGHWAY REPORT ISSUED.
The report of the Illinois highway commission for the years 1910, 1911 and 1912 is now in the hands of the binder and will be ready for distribution in a short time. The report covering 361 pages and profusely illustrated describes in detail the many lines of work undertaken by the highway commission during the last three years.

There are chapters on the "organization of township work," "distinction of crushed stone prepared by convict labor," a complete report from year to year of each of the 150 pieces of road of various kinds that have been constructed by the state commission, practical instruction in the making of macadam and concrete roads, a large amount of detailed cost data of roads built in all parts of the state, result if a road traffic census, a description of bridges constructed according to modern requirements, and a final chapter on roadside planting.

The reports is filled with information of great value to people in all parts of the state and the large number of illustrations make it attractive to the casual reader. Copies of this report will be sent free of charge on receipt of a postal card containing the address. Requests for copies should be sent to the Illinois Highway Commission, Springfield, Ill.—Illinois Farmers' Institute.

Now is the time and our store is a good place to buy your trunk or suit case.

NEWSPAPER COMMENT.
Mr. O'Hara Again.
Rockford Republic: If the charges against Lieutenant Governor O'Hara are proven, would it be amiss to quote from Rasselas, where the reading goes something like this: "Beware of those who preach morality, for they discourse like angels and they live like men."

Counter Influences.
Springfield News: By this time the people of Jacksonville, our sister city to the west, ought to be pretty well informed as to conditions as they exist in Springfield.

Some time ago Commissioner Spaulding in a public speech in that city, told his auditors in effect, that the capital city was under the iron heel of a public service corporation and that little progress could be expected here until it was released from that form of subjection, and last week, Lieutenant Governor O'Hara declared in a speech delivered in the same city that "Springfield is the most vicious town in the state."

When it is recalled that one thousand and citizens of Springfield are annually contributing money to an organization maintained to exploit the advantages of living in Springfield and offering inducements to outsiders to remove to Springfield, their enthusiasm is naturally somewhat set in motion by the Spauldings and the O'Haras.

EDUCATION NOTES.

The Chicago Board of Education has established two "naturalization schools," open four nights a week, to furnish instruction to applicants for citizenship.

This year's session of the Maine legislature enacted a law prohibiting secret societies in the public schools. Another law removes January 1 from the list of holidays.

Y. W. C. A. representatives in and about Augusta, Ga., are working for a public library in that city. A city of over 41,000, Augusta is not yet provided with a free public library.

Technical schools giving courses in architecture will have a special exhibit at the International Building Exhibition in Leipzig this summer, according to information received at the United States Bureau of Education.

Magdeburg, Germany, is to have a school for the special training of women and girls as shopkeepers. The city of Berlin has already provided such training by means of a special course for salesgirls in the new continuation school.

Correspondence courses in health will be one of the features of the health instruction bureau to be established at the University of Wisconsin, which aims to reach the people of the whole state with available information on preventable disease, infant mortality, rural hygiene, and other subjects.

A special course in picture framing is given in the Amelia High School, Amelia, Va., and during the past year or two more than a thousand and neatly-framed pictures have gone from the school manual training shop into the pupils' homes.

The use of moving pictures in the schools is spreading rapidly in Europe. Recently a professor in a Brussels school excited great interest by presenting a series of pictures illustrating the progress of aviation from the earliest days to the present.

In Prussia the minister of public instruction has approved the use of the cinematograph in all the higher schools of the country, and the official programs give lists of films for geography, history, and science. The expense of this material is met by appropriations from the government and municipalities and by private subscriptions.

CORN GROWING EXPENSIVE.

The 1912 Crop in Illinois Grown at an Average Loss of \$4.12 Per Acre—Alfalfa Very Profitable—Secures Its Most Valuable Food From the Air.

The U. S. crop statistics for 1912 give some interesting facts. We find that the number of acres planted to corn in Illinois was 10,658,000; that the number of bushels produced was 426,320,000, an average of 40 bushels per acre.

Government figures in reference to the cost of growing corn in Illinois are as follows: The average cost of growing an acre of corn in Illinois is \$7.58. The average rental or interest per acre is \$5.66, a total of \$13.25 per acre not including the market value of the necessary elements of plant food used in the production of the crop.

The average market price of corn during 1912 was 40 cents per bushel.

Chemical analysis of the corn plant shows that it takes 10 pounds of nitrogen worth 15 cents a pound, 17 pounds of phosphorus worth 12 cents a pound, and 19 pounds of potassium worth 6 cents a pound to produce 100 bushels of corn.

No Get-Rich-Quick Scheme.

The average yield of corn per acre in 1912 being 40 bushels, the average cost per acre for labor, rental, etc., being \$13.25 and the value of the necessary plant food, as determined by analysis being \$7.27, the average corn grower in Illinois can figure his 1912 investment as follows:

Labor, interest or rental, etc. per acre \$13.25

Value of plant food used to produce the crop 7.27

Total cost \$20.52

Average yield, bushels per acre, 40

Average market value per bushel 40 cents \$16.40

Loss per acre \$4.12

Alfalfa Profitable.

The average market value of alfalfa hay per ton during the same period was \$17.00

The average yield per acre was five tons 5

Value per acre \$85.00

The cost per acre including rental or interest \$ 7.16

The value of necessary plant food (phosphorus and potassium) 11.04

Total \$18.20

Net gain per acre \$66.80

This does not take into account the 300 pounds per acre of nitrogen which was secured from the atmosphere by the bacteria on the roots of the plant, a large portion of the element being deposited in the soil for use of future grain crops.

Why not grow more alfalfa in Illinois? It will help us to grow more corn at less expense.—H. A. McKeene, secretary, Illinois Farmers' Institute.

Surprising Cure of Stomach Trouble.

Jacob Hindelang, of Chelsea, Mich., was ill with stomach trouble and in such bad shape that he lived for two months on lime-water and milk. He then began using Chamberlain's Tablets. He says: "I am seventy-six years of age but never in my life used any medicine that cured in such a short time as Chamberlain's Tablets." For sale by all dealers.

WHEELER WAS STRONG IN BOX

PROVES BARRIER TO WILLIAM AND VASHTI TEAM.

Illinois College Pitcher Aided By Heavy Hitting of Nine Defeats Strong Aggregation From Aldeo, 13 to 9.

The heavy hitting of the Illinois team and a superb pitching of Wheeler, won a decisive victory over the strong William and Vashti college team of Aldeo, yesterday, the score being 13 to 9. The game was full of action and both teams were up on their toes to win the contest. After William and Vashti had scored four runs in the third inning with one for the first it appeared that they seemed certain to have the contest tucked away, but after Illinois came back strong in the fifth with five runs, the game took on a more serious aspect for the visitors, who buckled down to some strenuous playing but were never able to gain consistently from the benders of pitcher Wheeler.

W. and V. Veteran Players. William and Vashti team is composed of veteran players, six of last year's team being in the harness. The squad contains the famous Clark base hits, who although they have proved a barrier to other teams, fell a prey to Illinois yesterday. Morehead who relieved James in the box pitched last year for Hedding college and McKee was a member of the all navy team. George Clark was the only new man on the team. When the team got in action they looked more like a minor league team than a college aggregation. This was William and Vashti's first defeat.

The particular bright spots in the Illinois playing were the batting of the team as a whole and Wheeler's improved pitching. A total of 14 hits were gathered off the two pitchers used by the Aldeo team, five of which were two base hits. Atchison led the team with two two base hits, and two singles and Pierce out of two times at bat secured two singles. Stewart three singles out of four trips to the plate.

Wheeler did some brilliant work in the box striking out ten men. Jervis Clark, secured a single the first time up and the next got a home run. After that Wheeler found his weak place, and struck him out three times in succession, twice while men were waiting on second and third. In the eighth inning he was at his best when he struck out Thompson, Thurston and Jarvis Clark in succession.

How the Runs Were Made. A base on balls followed by a sacrifice hit, a double and single gave W. and V. one run in the first inning. Illinois scored two in the second inning, a double by Apple, a single by Stewart, Pierce and a fielder's choice. William and Vashti failed to score in the second but in the third forced four runs across on a double by Durston, home run by Jervis Clark, base on balls to Braucht an error by Stewart, and a single by George Clark.

Illinois added two in the fourth by singles by Stewart, Pierce and a double by Atchison. W. and V. scored another run in the fifth, an error by Wheeler, McKee's out and George Clark's single. In Illinois' half of the fifth five runs were scored. Apple opened with a single, was safe at second when W. and V. tried to force him on Darragh's slow roller. Jaccard singled, scoring Apple. Here James was sent to the bench and Morehead went to the slab. He hit Pierce, the first man up. Atchison singled, scoring Darragh. Gary flew out to Thompson. Furr doubled, scoring Stewart, Pierce and Atchison.

In the sixth W. and V. added another run and Illinois in their half made two as a result of some clever sacrifice hitting. Neither side scored in the seventh. In the eighth W. and V. went out one, two, three, Illinois scored two more, a double, an error, sacrifice hit, followed by another double. With the game practically tucked away Wheeler eased up in the ninth and allowed two runs.

WARD MAKES PRETTY FLIGHT OVER CITY

RACES AT TROTTER PARK ATTRACTS HUNDREDS.

Automobile and Motorcycle Events Closely Contested—Miss Matilda Brown Among Racers—List of Events For Today.

Wednesday morning at 8 o'clock Jacksonville people had an opportunity to see Jimmy Ward, the world's great bird man in a spectacular flight over the city. Ward ascended in his "Shooting Star" as he calls his racing Curtis biplane, at 8 o'clock in the morning at the trotting park and after a few circles around the park, he started toward the business section of the city, and as gracefully as a bird flew over the largest part of the city, thrilling everybody with his daring and spectacular flight. He rose to an altitude of 4,500 feet, within the specific time of 14 minutes, and that flight will long be remembered by thousands of Jacksonville people who witnessed it. He was scheduled to fly at 4:30 at the park but on account of the high wind was compelled to wait until 6:30.

At 2:30 in the afternoon sharp the events at the park commenced before a large crowd who turned out to see the performance. The first event of the day was a three mile motorcycle race of professional riders. There were four entries in this event. At the shot of the gun they started and tore up lap after lap at a terrific speed that made the spectators gasp with astonishment. The race was won by W. George of Springfield, Ill. Time 4 minutes, 32 1-3 seconds.

The second event of the program was a three mile automobile race for racing cars. In this event some of the best riders in the country were entered. The race was won by the Warren Detroit driven by Dick Sebring who is holding the one and five mile records in the state of Illinois. This race was the most exciting ever seen in this vicinity, as the fast cars were going at a terrific speed and time and time again the crowd urged them on and cheering at the top of their voices. Time 3 minutes, 37 seconds.

The third event was the five mile motorcycle race won by Reece of Chicago. Time 7 minutes, 21 seconds.

The fourth event was the five mile automobile race won by the Ford racing car driven by Harper. Time 6 minutes, 46 seconds.

The fifth event was a spectacular match race between the Ford racing car and Jameson driving a Harley Davidson motorcycle. This event brought out a large applause from the spectators. The Ford won the race.

The sixth event was the five mile motorcycle race with Reece as winner. Time 7 minutes, 21 seconds.

The seventh event was the match race between Miss Matilda Brown, the only woman racing driver in the country. She drove a Buick racer against a Warren Detroit driven by Dick Sebring. It was one of the closest contested races ever put up in the big automobile meets. Miss Brown won the race in a close finish and the people cheered for a long time, admiring the daring driver.

The last race of the day was another five mile automobile race won by W. W. Brown in a Marquette Buick. Time 6 minutes 50 seconds.

Owing to the choppy high winds the aerial program could not be carried out as intended at a specified time, but at 6:30 o'clock when the wind lowered Ward made a beautiful flight and was highly appreciated by the people who witnessed it.

Program For Today.

Today a double program of aviation events is offered by the management in connection with the automobile and motorcycle races. The program will start at 2:30 sharp and those who have not as yet seen this tremendous carnival of speed and daring should not miss it. This morning Mr. Ward intends to make an early flight over the city. In the afternoon the best aeronautical program, rivalling anything as yet seen in this vicinity will take place. Mr. Ward will be accompanied by a lady passenger. Ward will give an exhibition at 8 o'clock and again at 3:30 will deliver aerial mail. At 4:30 there will be a three mile handicap race between winners of the automobile races, motorcycle races and the aeroplane driven by Ward. Miss Matilda Brown will again be seen this afternoon driving her Buick against Dick Sebring who holds the one and five miles record for the state.

DISPUTE OVER LICENSE FEE.

Leon Friedman, manager of the Motordrome company giving the Motordrome and motorcycle exhibition at the park was arrested Wednesday on complaint of J. H. Hackett, president of the board of South Jacksonville because he declined to pay a license fee for exhibiting at the park. The village has an ordinance providing for such fees and the arrangement with the driving club does not permit the club to have such special events without paying the fee. Mr. Friedman maintains that he paid no such fee last year and that if there is any due that the obligation belongs to the driving club rather than to his company. He gave bond for his appearance before Squire Dyer this morning and it is understood that directors of the driving club and Mr. Friedman will meet prior to the time set for the hearing and try to reach an understanding.

STATE DEPARTMENT MAKES NO DECISION

(Continued From Page One.)

government of the United States and the nation or country of which such aliens are citizens or subjects and may, in addition, lease for a period of three years lands for agricultural purposes.

"Thus, we have made existing treaties a part of our law, and thus have we preserved every right that any foreign nation, by international contract, has insisted upon preserving with our national government."

Claims Treaty is Not Violated.
 Governor Johnson says they are dealing only with agricultural lands and in such way as not to violate the 1911 treaty with Japan. On the contrary, he says the state has added to that treaty permission to lease agricultural lands for the period of three years. He therefore does not think California is open to accusation of violation of treaty rights. The governor continues:

"We have shown no shadow of discrimination; we have given to no nation the right to be justified in taking offense. So believing, with a strong reliance on the justice and righteousness of our cause, and with due deference and courtesy and with proper consideration for the feelings and the views of others—we had hoped the authorities at Washington would have seen the question as we in this state have been forced to see it—as we must see it or be blind."

"And so, with all respect and courtesy, the state of California feels its bounden duty to citizens to do that which the interests of its people demand, that which the conscience of its people approves; that which violates no treaty rights; that which presents no discrimination, and that which can give no just cause for offense."

Governor Johnson concludes with the declaration that he feels it his duty to his state to approve the action of the legislature.

JOHNSON'S CONVICTION MAY BRING NATIONAL LEGISLATION

Many Push Legislation Forbidding Inter-Marriage of Blacks and Whites.

Chicago, May 14.—National legislation prohibiting miscegenation is expected to result from the conviction of Jack Johnson, negro champion prize fighter of violation of the Mann act.

Representative Rodenburg of Georgia, who has introduced legislation in congress forbidding inter-marriage of blacks and whites today sent word to local federal officials asking for a transcript of the testimony of the case. Johnson was crushed today at the realization that the conviction might send him to prison. The negro said the prosecution had broken him financially and that he had spent about \$50,000 financing his defense. Johnson's attorney declared that if Judge Carpenter refused a new trial he would carry the case to the supreme court.

INTRODUCES FIRST BILL.

Washington, May 14.—Senator James Hamilton Lewis of Illinois introduced today as his first bill a measure to establish a national wage commission to provide a system for insuring a minimum wage in all work pertaining to the federal government, public service corporations and all concerns doing an interstate business. The president would be authorized to appoint a wage commission for each congressional district who would handle appeals charging violation of minimum wage regulations. The bill would appropriate \$500,000 for expense and salaries of such a commission.

ELECTED MODERATOR.

Atlanta, Ga., May 14.—Dr. Robert M. Russell of Westminster College, New Wilmington, Pa., tonight was unanimously elected moderator of the United Presbyterian assembly in session here. The constituting of the assembly of the United Presbyterian church marked the formal beginning of the Pan-American pentecost. When the assembly of the United Presbyterian church was constituted tonight several committee reports were made public.

W. I. IRVIN IS ELECTED.

Dallas, Tex., May 14.—William I. Irvin of Wheeling, W. Va., to day was elected imperial potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, on a ballot ordered after John Boyle of Utica, N. Y., had been put forward as an opposition candidate. This was the only contest for the higher offices. Atlanta was chosen for the 1914 convention.

SELECT CEDAR RAPIDS FOR NEXT MEETING.

New York, May 14.—The national federation of Gospel Missions in annual convention to day re-elected Sidney Whittemore of New York, president and selected Cedar Rapids, Iowa as the place for its next convention in May 1914. Other officers of the federation were re-elected.

PLANS FOR I-M SEASON.

Peoria, Ill., May 14.—Representatives of the six clubs in the Illinois Missouri Baseball association met in Peoria to day and completed plans for the season. Representatives were here from Pekin, Canton, Kankakee, Clinton, Champaign and Streator.

FIRE OLD PARISH CHURCH.

London, May 14.—Militants this evening set fire to the organ of the Old Parish church of Penn, Buckinghamshire, which because of its association with the founder of Pennsylvania was of great interest to Americans.

PIMPLY? WELL, DONT BE!

People Notice It—Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never a sickness or pain after taking them. Olive Tablets, do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

WITTE'S WILDNESS
LOSES FOR DANVILLE

GEMS TAKE CONTEST BY SCORE OF 3 TO 1.

Quincy's Catcher, Fox, Injured By Running Into Grandstand in Pursuit of a Foul—Hackett Finishes Contest.

Danville, Ill., May 14.—The wildness of Witte in the first four innings lost for the locals today, 3 to 1. Fox, Quincy's catcher, was badly injured in the opening inning when he ran into the grandstand in pursuit of a foul. He was unable to continue. Hackett catching the remainder of the game. The score:

ON THE SIDELINES.

Jacksonville fans were pretty well represented in the bleachers at the Williams and Vashti-Illinois game yesterday but there should have been many more. It was as good a game of its class as one could wish for. We extend congratulations to the Illinois boys on the clean game they put up, and for showing the fighting spirit that wins. Wheeler pitched a heady game and was backed up in great style by Darrah. The latter made one fancy catch of a high foul that brought forth cheers from the spectators. Harmon has the right combination now and with hard training should annex the remaining games on the schedule without much trouble. We look for a victory over Lombard Saturday. Pierce makes a big improvement in right field on account of his speed. Appel is as classy a fielder as ever played on Illinois field and should have a place on the all-state team. Williams and Vashti is strong all around but there was no stopping the heavy hitting Illinois yesterday. If Chance can't win a game he will at least tie. That game with Cleveland yesterday is about the longest played this season for extra innings. He has his men going right at last.

Tom Hackett caught his first game for the Gems yesterday and judging from the figures in the box score it won't be his last. He can do more for the team in active harness than from the bench. Pittsburgh has at last broken its long string of defeats. It was high time.

The underdogs had their inning yesterday. Cincinnati turned to and walloped Brooklyn in easy fashion while the low-liters were showing up the Boston clumps. Such is baseball and the uncertainty is what makes the game so fascinating.

Another wet day for the Chicago White Sox and the Athletics. It means a big financial loss.

Springfield is letting up in the snappy style of play that she started out with. Game after game is being dropped and the Senators are back in the second division. It must be that the other teams have been strengthened while Donnelly has been standing pat.

The Browns always were Johnson's jinx. Last year when Johnson was galloping over everything in the league it was the Browns who stopped him. He said that he would rather face the Athletics any day rather than St. Louis, which may be another reason why the Mount City takes an interest in the game. There are plenty of other reasons. One of them is that the Cardinals are seriously regarded as permanent possibility by such a reliable authority as William G. Weart, of Philadelphia. He says that Harmon, Steele and Griner make up a pitching staff that any club in either league would be glad to own.

The St. Louis Cardinals are said to give the best exhibition of the possibilities of the hit-and-run game of any of the big teams. Twice they pulled this play three times in one inning in the recent series against Philadelphia. Says Mr. Weart: "With the kind of pitching the Cardinals are showing and the brand of inside baseball they display they should prove more than a flash this season."

Jake Stahl is improving rapidly from the operation on his foot. He expects to join the Red Sox in Chicago. Of course he will have to stick to the bench for a while. But his very presence should be a help to his men who have been going badly since Jake had a lay off.

Wild Pitching, Hard Hitting and Frequent Errors Characterize Contest—Klem Puts McGraw and Bridwell off Field.

New York, May 14.—Wild pitching, hard hitting and frequent errors made by both sides produced a wierd game at the Polo grounds today. New York defeating Chicago 14 to 11.

It was a see-saw affair almost from the start. Umpire Klem put Manager McGraw of New York and Shortstop Bridwell of Chicago off the field and fined Goode and Clymer each \$10. Score:

Otto Miller, the Brooklyn catcher, is largely responsible for the fine showing the Dodgers are making. He is holding Rucker, Allen and Ragon like a seasoned veteran. This team has the class and only needs a little kick in the first division all season.

JOHNSON WINS HIS NINTH CONSECUTIVE CONTEST

Blanks Browns Until Fourth When They Get One Run—Final Score 10 to 5.

St. Louis, May 14.—Washington won the last game of the series from St. Louis here today 10 to 5. Walter Johnson started the game for the visitors and held St. Louis scoreless for three and one-third innings, making fifty-six consecutive scoreless innings he has pitched against opposing teams. Today's victory was Johnson's ninth straight win. Counting today's score made by St. Louis in the fourth inning, only two runs have been made off him this season.

The best teams have to have their off days. It was Doolin's turn this time. Well he has every reason to be satisfied with the long string of victories to his credit and to lead the league for as long a time as he has does not often fall to the lot of a team that but few gave the possibility of a look in.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

LACK OF DEMAND DEPRESSES PRICES

SEVERAL LEADING STOCKS SELL OFF A POINT OR MORE

Speculative Conditions Change Little and There Was No More Apparent Reason For Yesterday's Decline Than For Tuesday's Advance.

(By Associated Press)
New York, May 14.—The ground gained by yesterday's advance in stocks was lost today. There was no severe pressure on the market and trading was dull throughout the session, but the demand was so small that even the light offerings made were sufficient to depress the list materially. The Harman shares, Reading, St. Paul, Pennsylvania, Lehigh, Smeltz, Amalgamated and other leading stocks sold off a point or more. Canadian Pacific and the Wabash stocks and bonds were especially weak.

Speculative conditions were little changed, and there seemed to be no more reason for the decline today than for the advance of yesterday. The only inference which could be drawn safely was that dealings recently have been largely superficial.

Weakness of the Wabash securities was attributed to unloading by holders who did not wish to meet the heavy assessments which it is proposed to levy under the reorganization plan. Another group of new subscribers to the year-end report, including Pennsylvania and St. Paul preferred.

Announcement overnight of New York Central's financial plan did not disturb the stock. The fact that the road's bankers decided that present conditions warranted announcement of the plan and the taking of the steps necessary to make it effective was regarded as indicative of a hopeful view on the part of those responsible for this huge project.

DEATH CAME SUDDENLY TO MRS. HENRY J. ROGERS WEDNESDAY

Useful Life of Well Known Resident
Is Closed—Funeral To Be Held
Friday.

Mrs. Henry J. Rogers passed away at eleven o'clock Wednesday morning at her home on West College avenue. Although Mrs. Rogers had not been well for a year or more and had been quite sick since January yet the sudden ending of her life was unexpected.

Mrs. Rogers before her marriage was Miss Fannie Belle Holtzclaw and she was born in Versailles, Ill., May 14, 1862 and so her life journey ended on its fifty first anniversary. Her mother died when she was very young and with her father, as a child she removed to Waverly, August 29, 1882 in this city she was married to Henry J. Rogers and their home was in Waverly until January 1899 when the family came to Jacksonville.

The deceased was survived by her husband and three children, Faye L., H. Jay and Edith G. There are also two sisters, Mrs. Charles Omer of Kirksville, Mo., and Mrs. J. H. Davidson of Kansas City and half sister Mrs. A. C. Hopper of Kansas City.

Mr. Rogers was a member of Grace M. E. church and took an important part in various activities of that church as long as her health permitted. A woman of strong character she had the qualities of mind and heart which made her beloved by all who knew her intimately. Essentially a home maker Mrs. Rogers found her greatest work there and the influence of her kindly sympathy her great heart, and her christian spirit will live on through years to come.

The funeral services will be held at 2:30 o'clock Friday afternoon from the home 216 West College avenue and interment will be in Diamond Grove cemetery.

Day of Specialists.—Please bear in mind that we specialize on extra trousers. Splendid patterns. Sizes from 28 to 46.

JURY GIVES MRS. OLIVE REEVE DIVORCE FOR WHICH SHE SUED

Declare That Evidence Justified
Finding in Her Behalf—Other
Court Orders.

After considering the evidence for about forty five minutes in the jury room the jurors in the divorce case of Mrs. Olive Reeve against Robert W. Reeve brought in a verdict in favor of Mrs. Reeve. She in her bill of complaint and on the witness stand alleged cruelty. Mr. Reeve entered a general denial to the charges made and was supported by his two sons in the statements he made. Mrs. Reeve at the time of bringing the divorce suit also asked for an injunction to restrain Mr. Reeve from disposing of his property.

HIGH RECORD IMPORTATIONS

OF MANUFACTURERS' MATERIAL

Washington, May 14.—A statement given out by Secretary of Commerce William C. Redfield indicates that the quantities of manufacturers' materials imported into the United States during the present fiscal year will greatly exceed the imports of last year and will exceed the mark of any previous year in the history of our country, if the figures for the nine months ended March 31, 1913, are any criterion. Of the ten important articles forming the bulk of the imports of such materials—i. e., cotton, wool, fibers, silk, tin, copper, rubber, hides, lumber and tobacco—the imports will, with but two exceptions, exceed the former high record mark.

The quantity of raw cotton imported during the first nine months of the present fiscal year was over 100 million pounds, as compared with 66 million pounds in the corresponding months of last year; 163 million pounds of wool were received as against 126 million last year; 318 thousand tons of fibers, against 231 thousand; 29 million pounds of raw silk, against 16 million; 91 million pounds of pig tin, against 82 million; 234 million pounds of copper pigs, bars, etc., against 206 million; 87 million pounds of crude India rubber, against 81 million; 453 million pounds of hides and skins, against 374 million; 818 thousand M feet of boards, planks and deals, against 645 thousand M feet, and 48 million pounds of tobacco, against 37 million pounds. The only case in which the imports for the corresponding period of any previous year exceeded the imports for the nine months ended March of this year were when the imports of hides and skins amounted to 480 million pounds in 1910, as against 453 million pounds for this year, and when in 1896, 1897, 1905, 1909, and 1910 the imports of wool slightly exceeded the imports of the current year.

SPRINGFIELD UTILITIES COMPANY REFUSES COMMISSIONER'S PLAN

Officer Proposed That Company Recognize City's Right to Regulate Rates.

Anything regarding public utilities is of interest to Jacksonville citizens from the fact of unsettled condition of the local public utility franchises. In answer to the terms of Commissioner Spaulding's proposal of Springfield, tendered the utilities company of that city several weeks ago with a view to ending the controversy between the company and the city relative to gas rates and the gas company's rights in the streets, the company has refused to accept.

Commissioner Spaulding offered to grant the company undisputed rights in the streets in return for a written recognition on its part of the city's right to regulate rates charged by the company and the quality of its product. The company's statement says in part:

"While we are fully convinced that, by reason of our special charter from the state, we are not subject to regulation, yet we prefer to take the advanced and broad view that so long as a public utility is a monopoly it should be properly regulated by an impartial tribunal. Applying that view to ourselves, we stated to the city commissioners that we would do everything within our power to comply with such reasonable regulations as they might promulgate."

"We are inclined to believe that this power properly belongs in a non-political state board rather than in a city council, and believe that it will be so vested by a law enacted at the next session of the legislature. However, until the matter is settled by the state we will not question the power of the city to exercise such functions. If the city should attempt to improperly exercise them by making unreasonable and impossible regulations, we will be forced to question the reasonableness of such regulations by every means available. Efficient service to our patrons and self-preservation demands this of us."

The very fact that the state has refused up to this time to vest such power in city councils indicates that it is against established public policy. Mr. Spaulding admits that the city has no such power, and yet he proposes to attempt to oust us from the streets unless we, by written agreement, give the city this power which the state has steadfastly refused it.

"If your committee desires to act as mediators, as we believe and trust it does, we will be very glad to receive and carefully consider any suggestions you care to offer, notwithstanding Mr. Spaulding's refusal to withdraw from his old position in any particular. Several other problems are unsettled between ourselves and the city, details of which we will gladly furnish if you so desire."

JUNIORS GIVE PARTY IN HONOR OF SENIORS

High School Students Hold Feast at Colonial Inn Followed By List of Toasts.

The juniors of the high school gave a party Wednesday night at Colonial Inn, in honor of the members of the senior class, 130 being present. The Inn was appropriately decorated in yellow and pink carnations and a splendid five course banquet was served. After the supper hour a program of toasts was given with Harlan Williamson, class president acting as toastmaster. After the speaking the young people enjoyed dancing until a late hour, music being furnished by the Hittie orchestra.

The following was the program: "What the Juniors accomplish by the Senior experiences"—James Kolp.

"What our class has done this year"—Frances Rantz.

"After school days"—William Kitner.

"Our future outlook"—H. M. Buland, class officer of Junior class.

"Inner workings of the Senior class"—W. G. Bate.

Short talks were also made by Principal W. H. Gore, Prof. T. P. Carter and William Allcott, student manager.

"VUDOR" PORCH SHADES

Vodor Porch Shades are equally well adapted to the great mansion and the modest cottage, and will transform a sun-beaten porch into a cool, shady retreat, and you will get the full benefit of the porch to make it what it should be—a comfortable outdoor living room, cool and shady in the hottest weather, secluded and private.

In the production of Vodor Porch Shades no effort has been spared; first, to design a shade with the strips and the space between them so proportioned as to keep out the sun but to let in the breeze; to prevent outsiders from seeing in, while permitting insiders to see out, and at the same time make a shade that has stability with lightness and beauty.

Vudor

PORCH SHADES

Not only make your porch Cool by Day but cool adjoining rooms, and give you by night a perfect Sleeping Porch

Second, in selecting the best materials for their respective purposes, a fine quality of wood-fibre was chosen for the strips or slats, because it has strength, flexibility and lightness, and because it is a good non-conductor of heat.

Vudor

PORCH SHADES

Not only make your porch Cool by Day but cool adjoining rooms, and give you by night a perfect Sleeping Porch

For binding these strips together seine twine, such as is used for fishing nets, was chosen because of its strength and wear-resisting qualities. Even the cords used for raising and lowering Vudor Porch Shades are of special manufacture, being what is known as "half-twist" cord. This cord does not curl nor loop up and stick in the pulleys as common twist cord would do. The pulleys furnished with Vudor Porch Shades are of japanned iron and of ample size to permit of the cords running through them easily and freely.

Another good feature about Vudor Porch Shades is the peculiar fact that those sitting on the porch or veranda can see out, but the passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days than any room can possibly afford.

We have these in stock in all widths, in the Baronial brown and forest green colors.
